

## Charity Launch

*The official launch of the charity project took place on the 10th October and was a great event, with speeches from Matthew Pennycook MP and the Royal Borough of Greenwich Mayor, followed with a healthy buffet, drinks and a drumming workshop.*

The idea for a charity project, came to tenants Sian Carr and Penny Lucas after

attending the New Leaf Community Leadership course and has been a great addition to

the local community offering both great bargains together with discounted hairdressing services. The project, which is staffed by a dedicated team of volunteers, impressed the Mayor so much that he invited them to the Mayor's Parlour which was a

great way to round up the celebrations. Of course, the ongoing success of the project has been due to the support of the community, so please continue to show your support, don't forget to visit the shop and please keep donating your unwanted items.

## Summer Programme

Charlton Triangle Homes Summer Programme has come to an end after five fun filled weeks of activities and trips that saw over 300 young people taking part.

The programme featured 26 different activities for young people aged 2-19 years old and saw the introduction of a number of new activities

including the Young Urban Arts Bus, Dress Making and the level 1 'Bikeability' course, as well as day trips to both horse riding and archery as part of the 7ups

club.

We are already planning next years' programme so remember to look out for the pre-programme questionnaire and share any activity ideas you may have with us at Charlton Triangle Homes.

### Kaden Sullivan

On the 14th September residents and staff were concerned when an air ambulance landed in the centre of Cherry Orchard. Unfortunately 11 year old Kaden Sullivan had been playing with friends climbing the balconies when he fell, fracturing his wrist, skull and eye socket as well as suffering a head wound. Luckily Kaden's injuries will not cause any long term damage.

Kaden was fortunate and is back at school with his injuries healing well but Nicola, Kaden's mother, would like to send out the message to young people: "I would like to tell all the young people to

stop climbing the balconies, it might seem fun but it is extremely dangerous and not worth the risk."

A gentleman who was first on the scene and helped Kaden is unknown to Nicola, but she would love to personally thank him. So please get in touch with this office so we can put you in touch with Nicola.

### 'The Space'

Springfield Crèche at Langhorne House unfortunately closed its doors earlier this summer after many years at the heart of the community.

Whilst we are very sad to see this leave, we are happy to announce that we will be able to continue to provide this

provision, from early November Springfield Parents and Children in Education (The SPACE) will begin operating from there.

The SPACE have an exciting programme lined up, with weekly activities including stay and play, forest school and IT courses for parents. So please visit our website for updates on this or pop into the Charlton Triangle Homes office.

If you want help finding a job, or want to take the first steps towards getting into employment, then please contact Ionie on 0208 319 8416 or visit the New Leaf Centre. Please pop along.

### Gas Checks

Charlton Triangle Homes are legally required to carry out a
