The group enjoyed a trip to the historic city of St Albans, with the Christmas market, Cathedral and the weekly Wednesday market all

To round up the year, the group came together to celebrate both the festivities and another successful year at their annual Christmas party at Charlton House, where those attending enjoyed a delicious 3 course

Going Digital for 2017

In early spring 2017 we will be launching a 'Self-service' portal on our website to enable you to have easy access to a range of services including:

- View and update your personal information.
- View your rent statements.
- Report and track repairs.
- Download and print forms.

The portal which will be accessible by smartphone, tablet and computer will

give 24 hour access to your information and to our services, and we aim to add even more functions to the website after its initial launch.

We want to make sure this service is a success, so we are inviting our tenants to help us shape how this portal will look and operate. We are looking for tenants who are willing to give a small amount of their time to test out this service and give us feedback before we officially launch it.

If you are interested in helping us to go digital please get in contact with Jasmin Thompson at Charlton Triangle Homes on 020 8319 8870.

Update on The SPACE

In our last newsletter we announced that we had a new provision to fill the crèche at Langhorne House. The provision successfully launched in November and is offering Stay and Play sessions on Tuesdays and Soft Play sessions on Thursdays. Both sessions are

between 9.30-11.30 am and cost £1. For more information drop in to any of the above sessions or call the Charlton Triangle Homes office on 020 8319 8870.

Light Bulbs

Lately we have been getting a number of calls from tenants regarding light bulb replacements. Please note that all light bulb replacements remain your responsibility as tenants and residents rather than Charlton Triangle Homes responsibility.
